

Fishing Clinic for Women

October 7, 2006

1:00 p.m. - 6:00 p.m.

Long Hunter State Park
Hermitage, Tennessee

Beyond BBOW-Fishing is an instructional fishing clinic designed for women to learn the basic skills needed to participate in the sport of fishing. Then she in return can be confident and comfortable in teaching her family and friends how to fish too. Any "fishing-challenged" female, **age 16 and up**, is welcome to attend. **BBOW-Fishing** will be taught by Emily Shaffer, a nationally famous professional angler who wants to share her knowledge and enthusiasm for the sport of fishing with other women. This is a very basic and low-key class with no fishing skills necessary to participate. All equipment will be provided. So come join us for lots of fun!

BBOW-Fishing will teach you how to...

- tie knots to attach your line to a hook
- apply various baits to hooks
- cast different rod and reel combinations
- properly identify fish
- find convenient fishing opportunities
- apply Tennessee's fishing regulations
- use different hooks, sinkers, and floats
- use artificial lures
- identify structure for better fish habitat
- properly remove caught fish
- keep your tackle in working order
- successfully catch fish!

Registration is taken on a first-come, first-served basis, however, one week priority will be given to first-time participants. Directions to the workshop location will be provided with your confirmation letter. There is no child care available. The workshop is sponsored by the Tennessee Wildlife Resources Agency.
